Classroom Connection

Super Excited Children Opening New Doors!

What's Happening ☺

WELCOME TO 2ND GRADE!

1st quarter is flying by. In math we will continue to work on story problems in math. We will also learn about odd and even numbers and move into place value. If you have any questions about these standards, please contact us. In reading we will continue to explore how images and illustrations contribute to understand text, both informational and narrative. In writing, we will continue to write narratives and edit/revise our writing. In science, all classes are studying sound. We are taking turns visiting *The Hive* right down the hall to make instruments.

Please stay connected with your class by checking out our websites- Mrs. Shannon-mrs Shannon516.weebly.com

Technology Connections ☺

Mathify, **SplashMath**, and **SushiMonster** are all math apps that we've been enjoying in class.

Epic offers numerous stories. Our 2nd graders love it!

PebbleGo is a fantastic source for informational text.

HOMEWORK ☺

Each night students will have an assignment from their homework board to complete. Students should also read nightly. Homework should be turned in on Friday of each week. Please contact your child's teacher with any questions about homework.

Making CONNectiions ☺

- The teachers are fine with the students bringing in a water bottle as long as it is filled with water and it has a top that can be closed (no straws)
-
- If your student is buying excessive snacks, this can run their accounts down pretty quickly. Any student lacking funds for lunch is served fruits, vegetables and water.
